

Product benefits

- Highly digestible
- Premium nutrition, unbeatable value
- Backed by extensive koi nutrition research
- Perfect for daily feeding

*Available in 5-mm pellets
packed in 9-kg bags*

Advice: Koi > 20cm: 5.0-mm

The Grand Champion
family of feeds

Crafted for winners.
Zero compromise.

Our unique feed advantages

- ✓ Scientifically proven and RAS-optimised
- ✓ Sustainably sourced ingredients and locally produced in Europe
- ✓ Advanced additives including Bio-Mos®, Actigen®, Bioplex® and the Aquate™ premix
- ✓ Highly digestible, minimises faeces and water pollution
- ✓ Complete nutrition from entry-level to ultimate growth and colour enhancement
- ✓ Blend of herbs that combat gill worms (Growth & Colour only)

Combatting Gill Worms

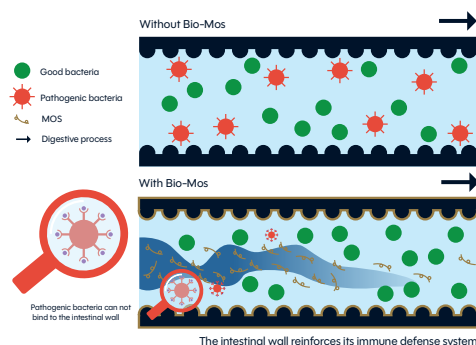

Our unique immune-boosting blends, *included in the Growth & Colour feed*, are expertly formulated to help combat gill worms and promote koi health and vitality.

Advanced additives

The Grand Champion feed range includes various advanced additives. Each additive is designed to support koi health, growth, and vitality:

- **BIO-MOS®** and **Actigen®** are yeast-based ingredients that support the gut and immune system, improve nutrient absorption, and strengthen the mucous barrier – your koi's first line of defense against parasites and pathogens
- **Bioplex®** provides highly bioavailable organic minerals (zinc, copper, manganese, iron) that support growth, reduce environmental impact, and improve overall performance

Functioning of Bio-Mos

- **Aquate™**, a proprietary premix, combines these technologies to optimise digestion, immunity, and resilience across all life stages

Analytical constituents

Crude protein	33.0%
Crude fat	6.0%
Crude fibre	2.6%
Crude ash	5.3%
Phosphorus	1.02%
Calcium	0.8%

Composition

Horse beans, dehulled; wheat; barley protein feed; sunflower meal; guar germ meal; lucerne protein concentrate; wheat gluten; monocalcium phosphate; rape lecithin; fish oil; yeast products; inulin; turmeric; algae (*Schizochytrium limacinum*, 500 mg/kg).

Additives

Vitamins: Vitamin A — 12,000 IU/kg; vitamin D3 — 2,756 IU/kg. Trace elements: Iron (II) (chelate of protein hydrolysates) — 40.1 mg/kg; iodine (calcium iodate, anhydrous) — 3.3 mg/kg; copper (II) (chelate of protein hydrolysates) — 3.3 mg/kg; manganese (chelate of protein hydrolysates) — 16.9 mg/kg; zinc (chelate of protein hydrolysates) — 40.1 mg/kg; selenium (selenised yeast inactivated) — 0.2 mg/kg. Binders: Bentonite — 1,000 mg/kg. Contains preservatives and antioxidants.

**Crafted for winners.
Zero compromise.**

Born from Japanese tradition, Grand Champion Koi Feed unites science and sustainability with the highest nutritional quality. Crafted from specialty ingredients, this feed nourishes from within — bringing vitality, refined shape and colour that reveal your koi's true beauty. Feeding becomes more than nutrition — it's a shared ritual between koi and keeper. All feeds are crafted with premium and sustainably sourced ingredients in harmony with the planet.
